

## ROTATION EXPLANATION AR Six Week Fraction

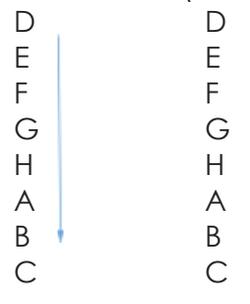

The rotation for the 2023/24 club year has group C going first. The selection begins in May 2023 and confirmation of reserved weeks is typically within the next month. The time period for the selection for "the weeks" to start on the first Sunday of October 2023 running through to the start of October 2024.

1. Owners submit their first 2 weeks, and the selection starts with Group C, weeks are assigned down the list to Group B, this is Round One.
2. Once Round One weeks have been assigned then the Reservations Department sends out a list of the remaining weeks to all owners to make the selection of the next two weeks, this is Round Two. Round Two weeks are assigned in reverse from bottom to top- starting with Group B back up to Group C
3. And Round Three weeks are picked and assigned from the remaining weeks.

**2023 / 2024-** (Oct 2023 to Oct 2024)

**2024 / 2025** (Oct 2024 to Oct 2025)

The rotation is very equitable and could accommodate 2 contiguous weeks if desired; In other words you could submit to have 2 weeks together or all 4 weeks apart.

Unless you are concerned about getting holidays such as Christmas, New Years, Easter, your location on the rotation is not that important.
